Photography Exhibit—Reflections

Until May 12

“Reflections” is the challenging theme of the first exhibit of the Centrepoint Photography Group. Optical effects, meditation, and the thoughts a picture can inspire in the viewer’s imagination are themes the photographers keep in mind as they explore the diverse meaning of “reflection.” The exhibit celebrates the group’s first year of activity as an English-language group of professional and enthusiastic amateur photographers that meet twice a month at Centrepoint. While membership at Centrepoint is required to participate in the photography group, the exhibit is open to everyone free of charge during the Centrepoint opening hours (9:00–13:00 on Tuesday, Wednesday, and Friday; 9:00–19:00 on Thursday, and 11:00–13:00 on Saturday).
