DETAILS

"Reflections" is the title of the first exhibition of Centrepoint's Photography Group. It is a creative way to celebrate the first year's activity of the English-speaking photography group in Basel.

Professional and enthusiastic amateur photographers (as no previous experience is required to join), from 12 different countries including Switzerland, meet regularly at Centrepoint to cultivate their common interest, to exchange peer mentoring and to develop their artistic skills.

"Telling stories and creating feelings is what we focus our attention on – explains Stéphane Vuille, the group's leader and a proficient photographer. "We want to become more aware of the power of images. Taking photos with other enthusiasts is also a good way to explore the Basel area".

The Photography Group meets twice a month at Centrepoint im Lohnhof , a short walking distance from the Barfusselplatz. It is a free program but is open to Centrepoint members. Everyone who loves a cosmopolitan atmosphere as well as a rich calendar of cultural and social events is welcome to join Centrepoint, the largest English-speaking community organization in Basel.

MATTEN REI INTERI AKEN/ REBN / MAY

"Reflections" is the challenging theme of this first exhibition. Optical effects, meditation and the thoughts a picture can inspire in the viewer's imagination are themes the photographers keep in mind as they explore the diverse meaning of "reflection".

The exhibition is open from the 23rd of March to the 12th of May during the opening hours of Centrepoint, Im Lohnhof 8, 4051 Basel (near Leonhardskirche).

The exhibition is free and open to everyone. The photos are available for purchase.
